

## SAVING A TREE ONE BOX AT A TIME

By: Michele Brennecke  
Owner, Box It

and businesses with NEW & USED BOXES at a price point that saves money while at the same time helps our community!

Here is an example: BOX IT has been open for 3 months. During this time the community has purchased about 3 tons of used boxes. Not only has there been a price savings by buying a used box, but our community has saved our local landfill about 9 cubic yards of space! We have also saved about 1,386 gallons of foreign oil, this is the amount of oil it would take to make 3 tons of boxes! CONGRATULATIONS to our customers!

We are the "Official Drop-Off Center for the Plastic Loose Fill Council in 18901 and the surrounding area. PLFC strives to keep packing peanuts out of our landfills.

We are humbled by your support and look forward to serving Bucks County and

beyond throughout 2010. If you need moving boxes, shipping boxes or an "odd" size box for possibly a "banjo," etc. remember BOX IT for all of your box needs. If your business uses boxes, give us a call, we not only can supply you with your new box(s), but you may be able to take advantage of our "Box Back" program which saves your business and our community \$\$\$. BOX IT also offers discount shipping via FED EX and US POSTAL.

We are the area's largest and friendliest box outlet and shipping center. Customer service is our theme. We consistently exceed customer expectations through exceptional customer service and value. We will work together as a team to anticipate and fulfill our customer's needs, insuring that their experience is a pleasant one. So, whenever you need to box and ship something, remember you have a choice of a NEW or USED BOX at BOX IT.

**Customer Testimonial:**

*"We started using Box It a few months ago and have already saved hundreds of dollars. The quality of their boxes is equal to any we have purchased from a manufacturer. Michele and her team are a pleasure to work with and the free delivery rocks!"*
