

## How About Some Real Answers to Your Hair Questions?

Anita Polin has worked in the beauty industry for over 40 years. Education is her passion, and she has been teaching for 17 years. Anita presently travels to salons in New York, Pennsylvania, and Virginia teaching stylists about color and hair products. She finds that helping others succeed in the industry she loves is very rewarding. Her love for wigs and hair additions began when she worked for Disney World. Seeing how people change when they put something on that makes them feel beautiful started Anita thinking. She went on to take advanced training in wig work for men and women. She says, "In this industry, we change lives. I am just as excited today as I was when I first started my career. I'm always learning, sharing my knowledge, and helping people feel amazing!"

Are you trying to hide your thinning hair? Have a special occasion coming up that requires a special hairdo? Anita M. Hair Studio has the answers.

Or consider this scenario: As you're styling your hair, you notice it is just not the same. No matter how many products you use or styling tools you buy, you know your hair is changing. Maybe you've tried a new cut and style or experimented with some new products, including shampoo and styling products, but nothing seems to work.

Anita M. Hair Studio can provide you with some new options that can make your life easier.

Hair additions can give you back the hair you had or always wanted. These are custom made from human hair and are designed from short hair to very long in whatever thickness you need.

All you have to do is set up an appointment to discuss what is the right solution for you. You might need a full wig, but most people can begin with a much smaller piece.

At Anita M. Hair Studio, we have a private room so you can feel more comfortable.

At our salon, we have a full staff to take care of all your hair needs. We specialize in color. We can match your hair with your new hair addition and keep it maintained for you.

Our other services include men's and women's haircuts, color and all foil application, smoothing treatments, formal styling, and makeup.
