

## Aesthetic Services as Unique as You

By Andrea Passione, RN

At Ageless Aesthetics and Skin Care Studio, we set the standard in a continuously changing industry through our clinical expertise, commitment to education, and relationships—all while

helping meet your specific needs. We believe that, by focusing on nourishment, restoration, and damage prevention, outward radiance naturally follows. We strive as a team to make each service as unique as you while using the latest technology and the highest-quality products.

### Our Team

**Andrea Passione, RN:** Andrea studied nursing at Colombia Presbyterian Medical Center in New York City. Her nursing career spans over 25 years of hospital nursing from ICU to post-anesthesia care. After that, she spent 10 years working with one of the area's most prominent cosmetic surgeons—Dr. Kirk Brandow, one of Philadelphia's Top Docs. Andrea has also taken skincare courses in New York and Philadelphia and is certified in Microneedling with PRP, HydraFacial MD, dermaplaning, Diamondtome Microdermabrasion, and chemical exfoliation. One of Andrea's greatest challenges is helping individuals understand that you cannot put a price on health or aesthetic services (sometimes it is not always a good idea to "shop around", nor is it a good idea to make a decision solely on price.) Andrea's greatest passion is helping clients meet their beauty needs and guiding them through the complex process of skincare and medical aesthetics.

**Nina Kogan, Licensed Esthetician:** Nina has been in the skincare industry for over 30 years. Her experience includes years of study in the United States and courses taken in Paris in 1995 and Germany in 2010. She has obtained certification and recognition from The Estheticians International Association and the Esthetic Technologies Institute and received an international award from Janssen Cosmeceuticals. Nina's loyal clientele who travel from near and far are a testament to her unmatched expertise in the field of skincare. Nina's clients range from ages 13 to 95.

**Dr. Kirk Brandow, MD, FAACS:** Artistic vision and surgical expertise are the cornerstones of Dr. Bandow's approach to plastic surgery. Dr. Brandow prides himself on long-term relationships and manages his patients through the aging process of the face and body. Dr. Brandow is the founder and director of the Brandow Clinic for Cosmetic Surgery. He has been named one of Philadelphia's Plastic Surgery "Top Docs" by Philadelphia Magazine and is also nationally recognized as one of America's "Best Plastic Surgeons" of this decade. He was also named "Best Plastic Surgeon on the Main Line" by Main Line Life and has been interviewed by a wide variety of local and national publications regarding cosmetic surgery.

**Zaq Qureshi, LME:** Zaq, a former O.R. technician, brings over 8 years of experience in eyelash extensions. He specializes in Xtreme Lashes by Jo Mouselli and is at the Advanced Certified Xtreme Lashes Stylist Level. Zaq has been featured in Philadelphia and Essence magazines. He takes a sterile clinical approach to his lash application, using a surgical scope to apply the individual lashes 1mm away from the base of your natural lashes, so as to protect your hair follicles.

**Jean Gallagher, Licensed Medical Esthetician:** For the past 20 years, Jean has pursued a second career in the medical field as a Licensed Medical Esthetician. Her training and experience are with some of the area's top cosmetic surgeons both inside and outside a university setting. She holds an International Therapy Examination Council (ITEC) masters certification in national and international aesthetics practices. For the past 5 years, Jean has enjoyed volunteering as a facilitator for the Look Good Feel Better program through the American Cancer Society. Her philosophy is to educate each client so he or she may choose the best procedure and product to make a significant improvement in his or her appearance.

## AGELESS AESTHETICS
