Spring Village At Floral Vale is now under new ownership and management and has been re-named Rittenhouse Village At Floral Vale - Memory Care. The community is also now offering upgraded lifestyle and care services including their signature Sensations Dining program featuring restaurant-style dining with inspiring menus changing daily; a full calendar of Celebrations Activities and Events; and personalized Dimensions health, wellness, and fitness programs customized to fit each resident.

At Rittenhouse Village, we promise to provide you and your loved one with the best care and lifestyle available. Our community was designed and decorated with local flair to create a beautiful, home-like environment. Each spacious residence is nicely appointed and well thought out, delivering a feeling of pride and comfort, while our professional team members attend to all your needs with a warm smile and caring heart. When you are looking for Memory Care Services, Rittenhouse is the place you

can call home—now and for years to come. If you have any questions, please stay on the line and we will be with you in just a moment.

Memory Care

With the help of Discovery Senior Living, we have made great strides forward to improve our memory care neighborhood with extensive operating and security updates. Your loved one will receive a customized memory care plan based on his or her specific needs and abilities. This unique plan is designed to engage the individual, encourage new friendships, build self-esteem, stimulate creativity, and create positive feelings of accomplishment and belonging—with all of it happening in a safe, secure, and loving environment. Schedule a tour of our memory care neighborhood today and discover the difference at Rittenhouse Village.

“It truly is a new day in senior living, and we are so excited to be bring Rittenhouse Village At Floral Vale into our family,” says Richard J. Hutchinson,

CEO of Discovery Senior Living. “Bringing innovative care and lifestyle services to our residents, in a fresh and inspiring environment, was our goal, and we succeeded. We have developed a community where residents feel comfortable and happy,

and their loved ones feel a sense of peace of mind.”
