It's Here!

Fall has always been my favorite season. It's like nature's grand finale of the year. Colors burst from every hillside in a tapestry of beauty. The chill in the air invigorates me. Fall festivals, apple picking and everything pumpkin surrounds us. There are many opportunities to get out and enjoy this beautiful season. I hope you take the time to do so!

As always, please let our contributing writers know when the information they have provided has benefited you or your family! Support our local businesses and medical professionals!
