

Anita Polin has worked in the beauty industry for over 40 years. Education is her passion, and she has been teaching for 17 years. Anita presently travels to salons in New York, Pennsylvania, and Virginia teaching stylists about color and hair products. She finds that helping others succeed in the industry she loves is very rewarding. Her love for wigs and hair additions began when she worked for Disney World. Seeing how people change when they put something on that makes them feel beautiful started Anita thinking. She went on to take advanced training in wig work for men and women. She says, "In this industry, we change lives. I am just as excited today as I was when I first started my career. I'm always learning, sharing my knowledge, and helping people feel amazing!"

Hair Loss? Do I Have Options?

As you look in the mirror, are you noticing a change in the thickness of your hair? Is it much harder to style or won't hold a style?

Nowadays, it doesn't matter how old you are; all ages can have changes in the density of their hair. I always recommend first talking to your doctor to find out whether a health issue could be causing your hair loss. Changes in diet and stress levels can also

cause a change in your hair.

As our hair changes, so should our shampoos, conditioners, and styling products. Ones that will add density and a thicker feel to the hair will definitely help in styling your hair.

If the strength of your hair has changed and you're seeing more breakage, deep-conditioning treatments along with your regular conditioner a few

times a month can also help. Professional hair products from hair color to styling products are much better for your hair because of the higher-quality ingredients. Yes, they do cost more, but you are paying for much safer ingredients for your hair and scalp.

Another option that can give density and body to your hair is a body-enhancing curl. There is a new curl and body wave perm available now called Curl Cult.

It's also important to remember that there are some hair addition options for you to help enhance your look. If you are someone who has complete hair loss, you have a choice of full hair pieces—from short to long—to give you the hair you want. If you are seeing too much scalp on top of your head and just want to have more hair, a topper hair enhancement is a good choice for you.
