

How Finding the Right Bra & Fit at Lace Silhouettes Lingerie Changed My Life

I promise I'm not being dramatic; it really did change my life. I'm not saying I was in extreme discomfort before or anything, but finding the right bras and fit did make me realize how comfortable *I really could be*. If you haven't been to Lace Silhouettes Lingerie and experienced their Rx for Comfort™ bra fittings, then you need to, right now!

I am a strong believer in self-care. It's important that we all take time to nurture our mental, emotional, and physical health. Treating yourself to new bras is an excellent way to practice self-care. After all, it's the first thing we put on and the last thing we take off!

Lace Silhouettes Lingerie has a carefully curated collection of the best industry brands and knowledgeable staff that work with you to find the right bras for *you* and *your lifestyle*. The ladies at Lace are there for you every step of the way. It's like having a personal shopper, in the best way possible!

Here are the bras that changed my life:

My Weekend Bra

If you don't have extra comfy bras to wear all weekend long, I highly recommend getting some. It's all part of my rest-and-relaxation weekend vibe—remember *self-care!*

Chantelle SoftStretch Padded V-Neck Bra

Chantelle SoftStretch Padded V-Neck Bra—This truly is the ultimate bralette. First of all, the buttery soft, highly elastic fabric feels absolutely luxurious on the skin. It's also super lightweight which keeps me cool even in hot weather. I used to struggle

with bralettes because most lack support, but the fused pads in this bra keep my girls exactly where I need them.

My Everyday Bra

I use to get home from work and immediately take my bra off as soon as I walked in the door, but not anymore!

Chantelle Norah Comfort Bra

Chantelle Norah Comfort Bra—This bra comes in an underwire and T-shirt version, and it's got the word "comfort" in its name for a reason! It gets me through the busiest of workdays and the craziest mom moments. It also lays

completely invisible under everything I wear—unlike the bras I previously owned that would show an annoying outline through almost any shirt. The bands also keep my back nice and smooth and truly make me look 10 pounds lighter.

My Special Wardrobing Bra

Some of my warm-weather wardrobe includes cute dresses and tops that are strapless, off the shoulder, spaghetti straps, etc. They look best with a strapless bra and always ended up in the back of my closet because I never had a bra that would provide all-day comfort and support. This summer, I'm wearing all of them, thanks to my new bra!

Wacoal Red Carpet—This bra is my *Wonder Woman*. It's proof that a strapless bra can actually stay put for all-day comfort! This bra fits and supports so perfectly, you'll forget it's actually strapless! It also has detachable straps with *endless* ways to wear it—from racerback, to

halter style, and even one strap! It's a true marvel of engineering!

Mother-Daughter Fittings

My daughter came with me to my bra fit appointment and ended up getting her first bra fitting, too! The fitters were great with her, and they offered multiple styles that were perfect for someone who is just starting to wear bras. It ended up being a fun outing for both of us!
