

We Care About Your Safety

At Salon 360, we are working hard to keep both our staff and our clients happy and healthy during this unprecedented time. To do this, we have taken many precautions!

Before entry of the salon, all staff members' and clients' temperatures are being taken. During the temperature check, we are also asking a series of questions to ensure that those entering the salon meet the requirements recommended by health professionals.

Those who enter the salon are required to wear a mask at all times. Our shampoo staff will be wearing face shields as well as masks.

At this time, walk-ins are not being accepted; we are taking appointments only. In our salon, you will find plexiglass between every hair, nail, and shampoo station. These stations are also being cleaned constantly throughout the day between each and every client. There are bottles of sanitizer at each station for your convenience.

We truly care about the health of our Salon 360 family!

To schedule an appointment call, 215-953-8100 or visit our website at www.salon360pa.com.
