

Your Healthy Home Starts Here This Winter!

Make You've Got MAIDS of Quakertown and Lehigh Valley your partner in staying healthy this season.

Owner, Elsa O'Brien

The new year is in full swing and with it all the trappings of winter, from chilly temps and the occasional snowfall to the inevitable sniffles and colds that are all too common in the colder months. This year, those health concerns are on our minds more than ever, as we continue to deal with the effects of the pandemic.

How can we make the most of the beauty of winter while minimizing the risk to ourselves, our families, and those we care about? The answer starts with keeping a clean home and office, and that's what You've Got MAIDS of Quakertown and Lehigh Valley specializes in.

You've Got MAIDS of Quakertown and Lehigh Valley is a family-owned, family-run business with strong roots in the local community. Because we live and work here, we not only understand what our families and businesses need to feel comfortable and safe—we care about delivering it with quality service you can trust.

We have a decade-long history of providing thorough, customized, and professional cleans for residential homes as well as office and commercial spaces. Long before the global health crisis, You've Got MAIDS of Quakertown and Lehigh Valley made cleanliness and safety a priority by using nontoxic sanitizing cleaning supplies and equipment. Our Maids arrive at your home or office in a company vehicle with all of the equipment they need to ensure your home's cleanliness, including industrial-strength HEPA vacuums engineered to remove nearly all dirt, dust, contaminants, and allergens and microfiber cleaning cloths scientifically designed to pick up and eliminate almost all dirt, bacteria, and germs.

Whenever you call You've Got MAIDS of Quakertown and Lehigh Valley, you can have peace of mind and be sure that you will get the same quality of service. That's because every one of our Maids is fully insured and bonded and receives the same professional training for consistent delivery of top-quality work.

When the COVID-19 pandemic hit, You've Got MAIDS of Quakertown and Lehigh Valley responded immediately and decisively, expanding our already high level of service and safety to make sure our Maids' and our customers' health was protected. In addition to adding practices like staggering shifts, setting up a protocol for cleaning cars between customers, disinfecting uniforms on a nightly basis, and keeping up to date with all of the local and state mandates for safety, we have also added new equipment to help us in the fight against germs and illness.

Our new electrostatic sprayer is a game changer in the world of residential and industrial cleaning. This technology sprays a hospital-grade disinfectant that is recognized as the highest classification by the CDC. It has a wide area of coverage, which means it can completely cleanse and disinfect a large area very quickly.

We use the electrostatic sprayer in our own office to make sure our employees have a safe environment, and we bring it to commercial cleans where there are large areas that have high-touch surfaces. We also use the electrostatic sprayer in homes that want a very deep clean, which is especially helpful when someone in the family has been sick.

One of the best ways we can help you keep your family, employees, and customers healthy is by offering you high-quality customizable cleans. Whatever your needs are—from cleaning rugs to deep cleaning home or office spaces—we will work with you to accommodate your requirements and your budget.

And if you're looking to delight your special someone this Valentine's Day, look no further than a gift certificate from You've Got MAIDS of Quakertown and Lehigh Valley. With the gift of free time, peace of mind, and less work, the day is sure to be a memorable one!

Whatever your cleaning needs, You've Got MAIDS of Quakertown and Lehigh Valley is here to support you and your loved ones in staying happy and healthy in your home and workplace. Give us a call today at 215-529-7837 and let us know how we can help you enjoy this winter with health and happiness!
