

Making the Holidays Bright

Let You've Got MAIDS of Quakertown & Lehigh Valley get your home ready for a happy, healthy holiday season

Owner, Elsa O'Brien

Home for the holidays. That familiar phrase has a different feel to it this year, as we have all had to refocus on keeping our festivities smaller and more local. But as unique and challenging as 2020 has been, the holidays are a reminder of the things that matter most: family, love, and the hope that comes with starting a brand-new year.

That's why our team at You've Got MAIDS of Quakertown and Lehigh Valley is so excited for this holiday season. As we stay close to our loved ones, being able to do that in a home that is sparkling clean, warm, and welcoming is more important now than ever before. And the peace of mind that comes from knowing your home is a safe and healthy space for family gatherings makes it easier to enjoy the peace of the season.

At You've Got MAIDS of Quakertown and Lehigh Valley, providing expert and customized cleans for homes and offices is nothing new. We've been helping families and businesses take pride in and enjoy the places they live and work for about a decade now. Something else that isn't new is our commitment to quality and our love for our community. A family-owned and -run business, we treat every space we clean as if it was our own. We also love supporting our neighbors and are proud to be involved in building up our community.

What is new this year is the challenges brought about by the health crisis we're experiencing, and, at You've Got MAIDS of Quakertown and Lehigh Valley, our response was quick, clear, and committed. We added extensively to our already-high level of service to ensure the safety of our team and our customers. This means incorporating practices like staggering shifts, nightly disinfecting of uniforms and equipment, cleansing of cars between appointments, observing all of the mandated health protocols, and even adding new technology to our repertoire to ensure the most-thorough clean possible.

While we had always used non-toxic sanitizing cleaning supplies and equipment—our industrial-strength

HEPA vacuums engineered to remove nearly all dirt, dust, contaminants, and allergens, and our microfiber cleaning cloths scientifically designed to pick up and eliminate almost all dirt, bacteria, and germs make us the gold standard in the industry—plus we've now added the electrostatic sprayer.

This new technology uses a hospital-grade disinfectant that is recognized as the highest classification by the CDC. And because it can cover a wide area with just one spray, it's perfect for quickly and thoroughly disinfecting large areas all at once. We use the electrostatic sprayer in our office, in the commercial cleans we do, and also in homes that want an extra-deep clean and sanitation.

All of this technology and expertise is delivered by our Maids with consistent quality and care. Each one of our Maids undergoes the same professional training, so you are assured a quality experience every time we clean your home or office. Our Maids are also fully insured and bonded and arrive in a company vehicle already equipped with all of tools and supplies required to meet your cleaning needs.

The combination of professional expertise, attention to detail, and personal care is

our gift to you—this holiday season and always. We love knowing that we can take some of the stress of preparing for the holidays off your plate, especially in a year that has had its share of stress! Our cleans are completely customizable, so, whether you want your whole house sanitized and scrubbed or you just want a few rooms spruced up for guests, we'll work with you to meet your needs and your budget.

And if you're wondering what to give that someone special, look no further than a gift certificate to You've Got MAIDS of Quakertown and Lehigh Valley—few gifts mean more than the gift of time and relaxation!

With the holidays upon us, it's time to focus on what matters most. Give You've Got MAIDS of Quakertown and Lehigh Valley a call today at 215-529-7837 and tell us how we can help you make your home the warmest, safest, most loving place it can be for the holidays!
