

Every candidate

should prioritize making
the #CostOfHome
affordable

habitatbucks.org/CostOfHome

Families across the U.S. are paying too high a price for the cost of home. Everywhere you look-in cities, in suburbs and in rural areas-the stability that home should bring remains out of reach for too many families. Habitat for Humanity of Bucks County, along with our partners and supporters, has an important stake in the process that shapes policy at the local, state and federal levels. We believe everyone should have a decent place to live, and we know that policy change plays an important role in helping us reach our vision.
